

Belgian Health Care Knowledge Centre (KCE)

Belgium

KCE is an independent research centre that provides scientific advice on topics related to healthcare. The topics are generally submitted by the authorities, universities, professional associations, etc. KCE's mission is to advise policymakers on decisions relating to healthcare and health insurance on the basis of scientific and objective research. It is expected to propose the best possible solutions for an accessible, high-quality healthcare system with due regard for growing demand and budgetary constraints.
